Nelson Trusler Johnson, United States minister to China, and his bride, the former Jane Washington Thornton Beck, a great-granddaughter of George Washington. The wedding took place in Tientsin, China. For many years the Beck and Johnson families were neighbors and close friends in Washington.

CHINESE FORT SET AFIRE

Associated Press Photo
This is one of the first pictures from the Japanese-Chinese trouble zone to reach the United States as world statesmen attempt to iron out the Sino-Japanese situation. Barracks of the Chinese fort at Changtu, north of Mukden, are shown in flames following clashes with the Japanese.

WOMEN BRING PEACE PLEA TO PRESIDENT

Associated Press Photo
A huge petition for peace, signed by 150,000 women, was brought to President Hoover by a coast-to-coast caravan of 200 feminine-directed cars. Leaders of the group included, left to right: Mrs. Hannah Hull of Swarthmore, Pa., national chairman of the Women's International League; Katherine Blake of New York; Mabel Vernon of Wilmington, Del.; Mrs. Helen Taft Manning, daughter of the late Chief Justice Taft and dean of Bryn Mawr college; and Jane Addams of Chicago, founder and international president of the league.

AMONG DEBS WHO'LL MEET WASHINGTON SOCIETY

PHOTOS BY BACHRACH
No depression is expected in Washington's social whirl this winter. Society columns have enumerated more than 80 young women who will make their debuts. Among them are Anne Wyant (left), daughter of Rep. Adam Wyant of Pennsylvania; Carolyn Payne (center), daughter of Frederick H. Payne, assistant secretary of war, and Mary Elizabeth MacArthur (right), niece of Gen. Douglas MacArthur, army chief of staff.

Nothing less
than a six
can give you
built-in
smoothness

CHEVROLET The whole question was settled long ago—as to how many cylinders it takes in a motor car engine to give satisfactory smoothness. Science definitely established the fact that at least six are necessary. And today, the public accepts the multi-cylinder engine in the same way that it accepts 4-wheel brakes, parallel-mounted springs and every other principle of proved and acknowledged superiority. Everybody knows that nothing less than a six can give you built-in smoothness.

Today, six-cylinder smoothness is within reach of every new car buyer. For Chevrolet has produced a quality car, powered it with a firmly-mounted six-cylinder motor—engineered it to run with unsurpassed economy—and priced it down among the very lowest-priced cars in the market.
